## Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

## MEN ARE POWERLESS

**To Fight Against Disease Unless They Strike at the Underlying Cause.**

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists Send 10c. in stamps for sample to The Herpicide Co., Detroit. Mich

### Crazy Man at Keyboard.

With the keyboard that operates the wires on the Wabash system in Indiana in his possession and sending all kinds of conflicting orders to dispatchers at various places, Everitt Kallam, an insane telegraph operator at Huntington, Ind., practically put the Wabash system out of commission for 30 minutes and caused no little confusion at all points along the line.

When the regular operator returned to the office and endeavored to take possession Kellam resisted and it required the combined strength of three men to overpower him and land him safely in jail.

The regular operator at Andrews, Henry Beauchamp, left the office for a few minutes near the noon hour, and had hardly gotten out before Kellam took possession of the switchboard and began to give orders to the various dispatchers along the line. The dispatchers did not know from whom they were receiving orders, and all attempts to break in upon him were futile, as he refused to answer any questions.

With lightning-like rapidity he sent message after message to various places, and operators at once saw that there was someone at the wire who knew nothing about the running of trains.

The operators at different points recognized the fact that orders sent them regarding certain trains were duplicated to other dispatchers along the line, for they read the same messages going over the wires, and, fearing that accidents might occur, one of the operators threw open his key and then grounded the wire over which the conflicting orders were coming.

The places of the several passenger and freight trains along the line were learned and the operators were advised to hold them till intelligible orders could be secured. All trains were thus stopped for several minutes. As soon as Operator Beauchamp could get at the key he explained the conditions and the trains were moved along again.

### Decides in Favor of Unionists.

The legal contest instituted to prevent the union of the Cumberland Presbyterian Church with the Presbyterian Church has been decided in favor of the unionists. Judge Johns, in Decatur, Ill., last night made public a decision in which he refuses to grant the injunction prayed for by the anti-unionists and dismisses the bill on demurrer. A written opinion will be handed down tomorrow.

The decision was not expected by the leaders of the anti-unionists. Their attorneys announce that they will appeal the case, probably to the Supreme Court of Illinois.

At the afternoon session of the Assembly the recommendation that Indianola Synod be dissolved was withdrawn because of a strong sentiment that the measure was too drastic. The committee on the theological seminary recommended that that institution offer correspondence courses. The Assembly held a service in memory of deceased ministers.

The Assembly was given a surprise by a report of the committee on overtures recommending dissolution of the Indianola Synod and the attachment of the Indianola Presbyteries to the Synods of Texas and Kansas, because the Indianola Synod had declared a purpose to resist the constituted authority of the church and had committed acts contrary to the rules of the church. Discussion on the report was postponed by other business.

The temperance committee recommended the employment of a temperance evangelist, and declared that no man who favors the licensed saloon should be supported for public office.

### Frightful Automobile Accident.

The road crossing at the railroad depot in Westbury, Long Island, New York, was the scene of a frightful accident yesterday afternoon, when a 60-horsepower auto belonging to Robert J. Collier dashed into the Port Jefferson express of the Long Island Railroad. In the automobile were George Bishop, the chafleur, and Fred Whitehead, a valet of Mr. Collier. The two men were dragged under the train and instantly killed. Their bodies were horribly mangled. The big auto was smashed into bits, and that the train, which was running at the rate of 60 miles an hour, was not derailed is considered remarkable.

The two men were speeding in the machine to the Meadowbrook Club with the polo trappings of Mr. Collier. A practice was scheduled, and Mr. Collier had left his country place on the Whitney estate, at Wheatley Hills, and had gone on ahead to the polo field with his ponies and grooms. The men were delayed in getting started, and the driver sent the machine ahead at great speed and it shot through the village of Westbury.

The automobile struck the track as the express train thundered by. The low front of the car ran right under the second coach of the train. There was a terrific roar and crash as the big machine was dragged under the train and ripped along the tracks pinned in before the rear trucks. The machine was torn into fragments and the two occupants were dragged under the train for a distance of 300 yards.

The crew of the train were not held by the authorities, as it was apparent they were not to blame.

FINANCIAL

TO OUR DEPOSITORS is one of the strong features in favor of this corporation, for where there is liberality there is conservatism and safety, for in being liberal with our patrons we are not only extending our business but also doing something which contributes to the general prosperity of our city. Since the day this institution first opened its doors for business and invited, encouraged and assisted the people of all ages and conditions in life to form correct habits of economy, and save some portion of their earnings, its success has been unexcelled by any banking institution in northern Virginia. We attribute our success largely to the fact that we have shared with our depositors OUR PROFITS by allowing them 3 PER CENT. interest in our Savings Department. The daily deposits of the executor, administrator, curator, assignee, receiver, trustee under decree or will, or order of court receive interest on their monthly balances. Liberal interest allowed on money deposited pending investment, and on certificates of deposits, and all other special accounts. This corporation has unsurpassed facilities for handling the accounts of banks, corporations and individuals, and solicits the same.

WEDNESDAY EVENING, MAY 23, 1906.

NEW YORKERS are complaining of the fact that they are virtually unrepresented at present in the United States Senate. The newspapers of the metropolis are loud in their protests, and assert that 8,000,000 people have no voice in important measures before the Senate. No representative of New York voted on the rate bill on its final passage Senator Depew, incapacitated, is in a sanitarium. Senator Platt was in the Senate a short time during the preliminaries leading up to the passage of the bill, but his bodily infirmities compelled him to leave before the vote was taken. So far as the rate bill is concerned New York has had nothing to do with it in the Senate. Depew has not been there since the discussion began and Platt has not said a word, introduced an amendment or listened even to any of the debate. His only interest in the bill, apparently, has been the purely selfish one of keeping express companies from being declared common carriers. He is president of the United States Express Company and he querulously insisted to the Senators that they must not include express companies. He put it on the ground of Senatorial courtesy and personal interests. The Senators listened, but gave the matter no serious attention, for when they were ready to include express companies in the bill as common errriers they included them, and they did it without a division. Now Platt is hoping to get that provision stricken ont in conference, and he is telling Aldrich, the republicah boss, how vital it is to eliminate express companies.

THERE ARE many disgraceful occurrences in civilized countries at present, and among the worst is that of stoning funeral processions. The east side of New York was aroused last Sunday by three riots of striking drivers and sympathizers, who mobbed and stoned funerals. They prevented at least thirty more from taking place. Weddings also were interfered with, and brides and guests had to walk or ride on street cars. The worst of the day occurred at the funeral of Samuel Diamond. The undertaker had only been able to get one open coach and a hearse, and he drove the hearse himself. His son drove the carriage, which was occupied by the Diamond family. Three hundred friends of the Diamonds, finding no carriages, determined to walk. The procession started for the Williamsburg Bridge, followed by a hooting crowd of strikers and their sympathizers. At Norfolk and Delancey streets a shower of stones fell from the roof of one of the tenements upon the heads of the mourners. Several missiles struck the carriage occupied by the relatives. Fortunately no one was hurt.

COMMISSIONER OF AGRICULTURE KOINER left Richmond yesterday for New York, whence he sails for Plymouth, England, to enter upon the work of procuring farm labor for the State of Virginia. He will be gone several months. He will not only get recruits in Great Britain, but in Germany, Denmark and and Scandinavia. In addition to mingling with agricultural laborers and seeking to induce them to cast their fortunes with the Old Dominion, he intends to advertise the State in every way possible that home seekers may be persuaded to settle in Virginia. Great care will and should be exercised by the commissioner as to the class of people he gets, as no immigration is better for Virginia than the vicious element that now seems to be seeking a home in America. Before leaving for New York Mr. Koiner said that within the last few months nine farms in the James River Valley have been sold to people coming to the Old Dominion from other states, and aggregate sum brought by the property reaches $100,500. The highest figure was $34,000, and the lowest $5,000.

THE Virginia shipbuilding yard has again beaten the government yard at Brooklyn by completing the battleship Louisiana and turning her over to the government long before the Connecticut, which is being built at Brooklyn, is ready for service. Both ships were started at the same time and the completion of the Louisiana first shows the superiority of the Virginia over the government yard.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 23.

The Department of Commerce and Labor is taking a fatherly interest in those who seek refuge from the heated cities in the mountains. The scheme now is to do away with guides in mountain climbing. In the consular reports, the bureau of manufacturers comments on a report of improvements made in the Black Forest of Germany by Consul E. T. Liefeld. It is suggested in the comment that mountaineering clubs, similar to those in Germany, be formed in the White Mountains, the Catskills, the Adirondacks, the Allegheny Mountains, etc., for the purpose of making paths and roads, erecting guideposts throughout the mountains and making maps. "In this manner the picturesque and beautiful mountain scenery of the United States could be made convenient and attractive to the people," continues the comment.

Warrants for the arrest of seven anarchists will soon be issued in Baltimore, Md., looking toward their deporation to Italy. Commissioner-General Frank P. Sargent, of the Bureau of Immigration, was in Baltimore yesterday in consultation with the authorities there. For some time the Baltimore officials have been on the lookout for the leaders of the large number of anarchists who have flocked to America within the last six months. Baltimore, it appeared, was made the headquarters for these persons, who, it is believed, are planning to hold an international congress here this summer.

The House committee on industrials, arts and expositions today ordered a favorable report on the bill directing the President to issue a proclamation inviting the States to take part in the proposed exposition to be held at Tampa, Fla., in 1908 to celebrate the commencement of work on the Panama canal. A display at the exposition by the naval and military establishments is also directed by the committee

The Navy Department has ordered a court martial of impressive personnel to try Capt. Perry Garst, U. S. N., commander of the battleship Rhode Island, which was recently grounded at the mouth of the York river. The court will meet next Monday on board the Rhode Island in Hampton Roads. The membership of the court is as follows: Rear Admiral Charles D. Sigsbee, president; Rear Admirals Joseph E. Craig, Charles M. Thomas, William W. Mead and Asa Walker, and Captains Robert M. Berry, William H. Emory, Benjamin F. Tilley and William H. Reeder. Lieutenant Commander Thomas Snowden is designated as judge advocate. The trial of Capt. Garst will be the first in many years when an officer ranking in the grade of captain has faced a court martial on any charge. The action of the department in ordering this court indicates that feeling in official circles has been aroused to a great degree by the recent accidents and mishaps to the big ships of the navy.

"Stand pat; let well enough alone" was the text of a tariff speech delivered in the House this afternoon by Representative Charles Landis, (rep. Ind). Discussing the ten years of republican administration he said: "I believe in letting well enough alone, especially when that 'well enough' is getting better all the time." As an evidence of republican prosperity, he said that the following sign, which adorns an employment agency in Cincinnati: "All kinds of work for all kinds of men," is the highest tribute that can be paid to any party or to any policy."

Senator Aldrich, of Rhode Island called at the White House this morning and had a short conference with the President. It was the first visit of the Rhode Island statesman at the White House since the day, some three months ago, when he caused the rate bill to be placed in charge of Senator Tillman as a humiliation to the President. Just what passed between the President and his arch opponent at this morning's interview was not divulged, but Mr. Aldrich emerged fram the executive office his face wreathed in smiles. "I think we will get away by the tenth or fifteenth of June," said the Senator in response to a request for news "That's all I know. The Panama canal? Oh, I'm not a member of the committee handling that and don't know what will be done with it this session. But I do not think it will delay adjournment beyond the tenth or fifteenth." Senator Crane of Massachusetts, who was in the President's office at the same time Mr. Aldrich called and who probably participated in the memorable interview, was quite as noncommittal as the Rhode Islander about the consultation.

His Highness, Maharaja Golkwar of Baroda, Gujareth India, arrived here yesterday evening. The first thing the Prince and his wife did today was to drive to the British Embassy to pay their respects to the Ambassador. The entire party was about early at the hotel and the dignitaries were off for the Connecticut avenue embassy at 10 o'clock. This afternoon at 2:30 President Roosevelt received the party at the White House. After a formal reception in which the Prince conversed for some time in English with the President, the party continued its sightseeing journey toward the Capitol.

Having quarreled over the sale of some cigarettes, Henry Sherrr, 11, white clerk in a store at New Jersey avenue and 18th street this afternoon, shot and instantly killed John Fantroy, 19, colored. After his arrest, Sherr confessed, another boy in the neighborhood having been first suspected of the crime.

## Fifty-ninth Congress.

Washington, May 23.

SENATE

The Prince of India, Maharaja Gaiwkwar of Baroda, saw the Senate called to order today. He occupied a seat in the diplomatic gallery.

The Senate finance committee today authorized a favorable report on the free alcohol bill. Certain amendments were adopted for the purpose of more fully protecting the government revenues but practically the bill as reported is the same as that passed by the House The law is to go into effect January 1st, 1907, instead of three months after its passage provided in the House bill.

Chairman Aldrich later reported the bill to the Senate. He gave notice that he would call it up for consideration within a few days.

A tariff debate was threatened in the Senate when Mr. Aldrich reported from the committee on finance a resolution authorizing the President to purchase equipments and materials for the Panama canal in foreign markets in cases where exorbitant prices were demanded by American manufacturers. He wanted immediate consideration. It was explained that the bid of a Scotland firm for two steel dredges was about $70,000 less than that of a Maryland concern.

Consideration of the resolution went over to enable Mr. Teller and other democrats to examine the report.

HOUSE.

Speaker Cannon and democratic floor leader Williams had some differences today that somewhat jarred their friendly relations. Williams kept on filibustering today and the Speaker overruled one of his demands for a roll call on the motion to go into committee of the whole for the consideration of the diplomatic appropriation bill. Williams denounced the act as an injustice. The Speaker pitted the constitution on him and ruled with emphasis, leaving the chair in a huff as he sent the House into committee of the whole. There was tremendous republican applause.

"Turn the House into a beer garden if you want to," shouted Williams, livid with anger, "the American people will judge."

Maharaja, Gaikwar of Baroda, visiting Indian Prince, missed the fun, but came in in time to hear Representative Landis's tariff speech.

## News of the Day.

John Mulvaney, painter of "Custer's Last Stand," was found drowned in East river, New York, yesterday.

A resolution was adopted in the House yesterday providing for the reference of the railroad rate bill to a conference.

Torrents of mud have enveloped the royal observatory on Mount Vesuvius, and the director and his assistants have been compelled to abandon their post.

William Jennings Bryan was endorsed for President at Lima, Ohio, yesterday by the democratic judicial convention of sixteen counties of northwestern Ohio.

In the Bible House suburb of Galata near Constantinople, yesterday, William J. Bryan was given a great reception. All reference to politics was avoided in the speeches.

The French cabinet has decided that the law providing for the separation of church and State abolished the right of divinity students to a reduction of the usual term of military services.

The Maharajah of Baroda, India, and his wife, who are visiting this country, arrived in Washington yesterday for a brief stay. The Maharajah probably will call on the President today.

In a lengthy report submitted to Governor Blanchard yesterday by the board of control of the Louisiana Leper Home announcement is made for the first time that a definite cure has been obtained in three cases of leprosy.

The committee on rules of the House today will submit a rule gagging the House and forcing it to vote on a motion to nonconcur "in gross" to the Senate amendments to the railroad rate bill, and send that measure to conference.

The latest James G. Blaine martial tangle is causing deep interest in New York. There is a story current that Mrs Blaine, who recently went to South Dakota for the purpose of freeing herself from her matrimonial entanglements, proposes to take advantage of the recent decision of the United States Supreme Court by questioning the validity of the divorce that separated her husband from his former wife.

The principal business transacted at yesterday's session at Fortress Monroe of the Supreme Lodge, Royal Arcanum, was the settlement of the basis of representation. Heretofore the basis was one representative for the first thousand members, a second representative for 2,500 additional members, and an additional for each six thousand members. The basis was changed yesterday, by which every grand council having 6,500 members will be entitled to three representatives.

At East Lynne, Wayne county, W. Va., yesterday, Sherman Maynard, a merchant, was carved to death by Andy Fry, his neighbor. Both Maynard and Fry had been to Huntington and were en route home. It is said they were both under the influence of liquor when a dispute began. Maynard struck Fry a blow with a cane, when the latter quickly drew a knife and began to carve his assailant. Fry plunged the knife into Maynard's body more than 20 times. Death came quickly. Maynard was among the wealthiest men of the county and had but recently purchased a beautiful home site from Fry, the man who yesterday carved him to death. Fry has surrendered.

## Virginia News.

The Grand Lodge of Knights of Pythias is in session in Staunton.

Mrs. Sarah E. Musselman, wife of Thomas Musselman, died at her home, in Fredericksburg, yesterday, aged 53 years.

Fairfax Harrison, assistant to the president of the Southern Railway Company, has purchased from Miss A. L. Peyton her farm, "Fair Fountain," near The Plains, Fauquier county. This is a beautiful estate in one of the finest sections of the county.

The Hamilton Milling Company, of Hamilton Loudoun county has purchased the large flouring mill, grain elevators and good will of the J. R Smith Milling Company at Purcellville and Paeonian Springs for $22,000. The mill at Purcellville is one of the largest in northern Virginia.

The residence of Mr. John Warnock Echols, at Vienna, Fairfax county, was totally destroyed by fire yesterday morning. A small portion of the furniture on the lower floor, together with some books and the most valuable of Mr. Echols' paintings were saved. Mr. Echols recently purchased the residence from Maj. Hine and had been living in it for the past two months.

Messrs. Davis & Davis, Washington patent attorneys' report the grant this week to citizens of this State, of the following patents: Neal A. Butler, assignor of one-half to W. H Boyenton, of Hampton, for signaling device; Martin V. Hammack, of Jacksondale, for cooking-range; Patrick H. Larkin, of Portsmouth, for box; Joseph W. Robertson, of Hot Springs, for car coupling, and Dalleth Z Merchant, of Portsmouth, for design for badge.

As a result of a misunderstanding over a road case, Attorneys George E Sipe, a former republican member of the legislature, and Charles A. Hammer, a candidate for the Harrisonburg postmastership, came to blows during the session of the Circuit Court in Harrisonburg Monday. The fight caused something of a sensation, and Judge Letcher reprimanded both belligerents. Mr Sipe made a statement which Mr. Hammer construed as questioning his veracity. This led to the trouble, Hammer striking the first blow. Sipe retaliated, and court officers interfered.

### Indicted for Wife-murder.

Toms River, N. J., May 23.—Justice Hendrickson came here from Red Bank and announced in open court today that an indictment for murder has been found against Dr. Frank B ower in connection with the death of his wife. The sheriff has been sent to arrest the doctor.

## Today's Telegraphic News

### Affairs in Russia.

St. Petersburg, May 23.—Count Solky, president of the Council of the Empire, has resigned. Ill health is given as the reason.

Despite the representations which have been made by Ambassador Meyer of the murder of Mr. Stuart, the American Vice Consul at Batoum, the authorities have not yet succeeded in discovering who it was who committed the crime.

Warsaw, May 23.—News of a conflict between a band of revolutionists and a Cossack patrol at Pulaway, in the government in Tublin, has been received here. The revolutionaries ambushed the Cossacks, firing on the soldiers with revolvers. One Cossack was wounded. The Cossacks then charged on the revolutionaries with their swords, killing two and wounding two. Two of the revolutionaries were also arrested.

Berlin May 23.—Count Pfeil is the author of an article printed in the Taglic Rudnschau in which he says that elaborate preparations to organize a formidable rebellion against the Czar are being made in Russian Poland. The Polish nationalists and socialists are co operating to throw off the Russian yoke and establish a republic. Count Pfeil declares that Germany will not help Russia to suppress the conspirators.

### Mrs. Davis's Condition Grave.

New York, May 23.—The condition of Mrs. Jefferson Davis, who has been ill here, showed no improvement this morning, and it was regarded as grave. Late yesterday afternoon she was seized with a chill and there were symptoms of heart failure. Her physician, Dr. Eylie, was hurriedly summoned and by heroic means succeeded in rallying her. Her children and grand-children are constantly with her.

Miss Hays, the granddaughter, in conversation with a reporter of the Publishers Press this morning said Mrs. Davis had a restful night. She apparently gained strength during the morning, and now seems much stronger and brighter than she was yesterday. "I do not think there is any immediate danger," said Miss Hays.

### Opinions of Bishops

Denver, Col., May 23.—At the meeting of the Methodist Episcopal Diocese here many of the bishops had something to say. Said one: "To be sure there is no hell, I'd hate to die if I thought I'd get scorched for every sin." Said another. "I wouldn't be a saint for anything." Then another one said: "There are two extremes, the man who in spite of the help of God, man or the Bible gives, goes to the bad and the man who is so tremendously goody-good that he is dubbed a saint. I'd rather be a man, for a man has all the possibilities of right and wrong doing and a saint hasn't any choice."

### The Case of Josephine Terronava

New York, May 23.—The story of Josephine Terronava's life has been told and the recital of the girl's grievous wrongs suffered at the hands of her uncle has saved her from conviction. That is the opinion expressed generally in Judge Scott's court this morning. There will be a battle of experts today and tomorrow over the fact of the girls' sanity or insanity, but that is even now looked upon in the light of a court formality. In the history of crime there has never been told such a revolting tale of cruelty and debasement practiced upon a child not even in her teens.

### The Patrick Case.

New York, May 23.—The long drawn out hearing on the motion for a new trial for Albert T. Patrick, the convicted murderer of the aged millionaire Wm Rice, came to an end this morning before Recorder Goff and several motions has been made all of which were denied by the recorder. The recorder directed both sides to hand up briefs so that he could give the matter an early decision.

### London Horse Show

London May 23.—Arrangements are being perfected by London society imitating New York society by giving an annual horse show as the biggest event of the season. They will try to outdo the New York Four Hundred. It will take place in 1907. All the competitors will wear red hunting costumes.

### Negro Lynched.

New Orleans, La., May 23.—Sheriff Ward reports that at Blanchard, just north of Shreveport, a negro named Tom Jackson was arrested Monday evening and chained to a tree and was later killed. The negro is said to have robbed a white boy in the public road.

### Cars Collide.

Battle Ground, Ind., May 23.—Two cars loaded with old soldiers collided on the Interurban Line between La Fayette and the Soldiers' Home this morning. Thirty persons were taken to the hospital.

### Terrible Cyclone.

Madrid, Spain, May 23.—A terrible cyclone has devastated the province of Soller. An enormous amount of damage has been caused by the storm.

### New York Stock Market.

New York, May 23.—The tone of the market became decidedly strong at eleven o'clock, especially for the coal roads. It was generally understood that commission houses were committed to the short side more extensively than at any time in a long period and that most of the buying on the early advances was scattered covering for some of their clients. The general list after early gains sagged off enough to show net declines averaging about ½ from yesterday's close.

### Must Make Reports.

Owing to the revelations at the Eastern State Hospital, at Williamsburg, in connection with the investigation in progress there, Governor Swanson issued an order yesterday morning requiring all State institutions to make quarterly reports of their condition, operation, financial affairs, management and conduct.

The Governor has had the matter in mind for some time, and the order is in accordance with a recent act of the General Assembly, but its promulgation has undoubtedly been precipitated by the shocking stories of cruelty at the Eastern State Hospital.

The Virginia Military Institute, the Virginia Polytechnic Institute, the University of Virginia, the Farmville Female Normal School, William and Mary College, and the State hospitals, the penitentiary and every other State institution will have to comply with the order.

These institutions, it is said, were careless in making their annual reports, and some of them extremely so, and the new law is for the purpose of keeping the Governor more frequently informed of conditions.

Henrik Ibsen, the Norwegian poet and dramatist, died at Christiana, Norway, at 2:30 o'clock this afternoon. The deceased had been suffering from ill health for some time past.

## City Council.

There was an average volume of business before the City Council last night.

BOARD OF ALDERMEN.

The first business before the Aldermen was the license law for the fiscal year ending May 31, 1907. It had, under the law, been laid over at the last meeting.

Mr. Hill did not see why the Western Union Telegraph Company should be made to pay a license tax of $100 and the Postal Company $50. He said he had had every reason to believe that the first-named company did not realize enough out of its office in Alexandria to pay expenses. The license tax, he thought, should be uniform.

Mr. W. H. Sweeney explained the basis upon which the taxed was levied, and suggested that it was done according to law. All companies having fifty or more transmitters were regarded as first-class and taxed $100; those having less than one-hundred were second class, and paid $50.

Mr. Hill said he was of the opinion that the Western Union only paid $100 in Richmond. The office in Alexandria was a great benefit to the city, and the speaker ventured to say that half of the company's offices in other places in the State were unrenumerative. At many points the operators were paid no salaries, but received 25 per cent. upon their receipts. Mr. Hill moved to make the license tax of the two companies $50 each

Mr. Simpson said the license tax was predicated upon the business of a company; hence he saw no discrimination in the ordinance under consideration. The number of offices operated by a telegraph company, according to the law, regulated the amount of the license tax. The fact that the larger inventor did not realize a profit commensurate with his outlay had nothing to do with the matter under consideration.

Mr. Burke saw no reason to change the tax. The finance committee realized that the Western Union had many poles on our streets, and that it was but proper that it should pay a fair license tax.

Mr. Ballenger moved that the companies be made to pay $100 license tax each, but subsequently withdrew the motion.

Mr. Hill's motion was lost and the reading of the ordinance proceeded with.

When the section regulating the dog tax had been read, Mr. Ballenger asked if the city furnished the tags for which the Auditor received 25 cents each.

No one was in a position to answer this query, and Mr. Ballenger said he desired information on the subject. He would like to know if the present law compelled the owner of a dog to pay to the city $1 25 license on the same and 25 cents additional to the Auditor. If such was the case, he would move that the Auditor furnish the tags at his own expense. He saw no reason why the owners of dogs should be forced to pay 25 cents to the auditor. If the law, however, provided for such a procedure, he would not question it; but if it did not the procedure was all wrong.

Mr. Simpson said it was a simple matter. Under the section in this year's license law the owner of the dog paid $1.50, which embraced the Auditor's fee. Heretofore the license and the fee were paid separately. The same action had been taken in reference to the fee of the Commissioner of the Revenue.

Mr. Burke made substantially the same explanation.

The reading of the ordinance was resumed, and when it had been finished it was read the third time and passed by a unanimous vote.

The report of the finance committee recommending an appropriation of $200 for the Alexandria Kindergarten, received from the Common Council at the last meeting and laid over, was read.

Mr. Ballenger said he would vote for the adoption of the report with the understanding that Council would make no such appproprations in future.

Mr. Hill suggested that in such an event another proviso should be inserted, "Provided no more children are born in Alexandria." The speaker favored the appropriation and urged the usefulness of the Kindergarten in the community.

Mr. Simpson said the Kindergarten was all right and he fully agreed with Mr. Hill as to its utility, but the present constitution forbade such appropriations. He would, therefore, vote against it.

President Sweeney suggested that Council had often made donations to the Kindergarten and similar institutions.

Mr. Simpson suggested that in other cases where appropriations had been made there might have been nothing in the constitution forbidding such action.

The report was adopted by a vote of 6 to 1.

The board laid over the appropriation bill for the fiscal year, under the rules, and also the resolution providing for the purchase of a steam roller.

After concurring in the action of the Common Council on a large stack of papers which had been sent in the board adjourned.

COMMON COUNCIL.

The Common Council was called to order soon after 8 o'clock with a full board with a single exception, which was soon filled.

Mr. Gardner L Boothe took the oath of office and his seat as a Councilman from the 3rd ward vice Dr. T. B. Cochran, resigned.

A communication was read from Mayor Paff setting out that the Washington Southern Railway Company was undertaking to restore the broken railway track on Henry street, without right and much to the detriment of residents on that street. The communication was accompanied by an ordinance repealing the acts of Council granting the right of way on Henry street forever to the Washington Southern Railway Company, and requiring that company, its successors or assigns to remove their track within 20 days.

Mr. Pollard presented a petition from residents of Henry street and its neighborhood asking that the tracks be removed from Henry street.

The Chair said the matter would go to the committees on streets and general laws.

Mr. Burke suggested that the matter be referred to a special committee composed of the members from the Third and Fourth wards, the wards that are directly affected.

The Chair stated that the entire community was interested in the matter, which should go to the joint committee and in this he was sustained.

Subsequently Mr. Boothe introduced a resolution requesting the Mayor to see that no rails be replaced on Henry street pending the consideration of the subject by the city authorities. He said the position of the city would be much stronger if the rails remained up, than if in the meanwhile the railroad authorities replaced the rails.

The resolution was agreed to.

The finance committee reported the appropriation bill for the fiscal year 1906-7 which was adopted. The changes are as follows: Public schools, $10,000 instead of $13,800; cleaning streets, $8,000 instead of $7,500; courts and jail, $4,000 instead of $4,500; streets and sewers, $20,540 instead of $18,640. The total amount appropriated is about $125,000, and the estimated receipts for the next year amount to $127,000.

Mr. Bryan read the following estimates of receipts for 1906-7: From taxes $88,000; Mayor's licenses $14,000; Gas Works $14,000; Police Court fines $3,500; W., A. & M. V. Railway $1,800; sewer tappers $2 200; bonds 1902 $1,600; dog licenses $900; fish wharf $400; sundries, building permits, surveys &c., $600; total $127,000.

Mr. Bryan explained the reason why changes had been made from the appropriations of last year.

When the item for public schools came up, reduced from $13,800 to $10,000,

Mr. Bryan explained that the City Auditor had received from the auditor of the commonwealth a statement that the State appropriation for the present year would be double that heretore paid the city. As last year the schools had received $6,033 from the State, they would receive this year $12,066, so that with the $10,000 appropriated by the city the school board would have $1,800 more than last year. If, however, the State appropriation failed, the committee would see that the schools did not suffer.

Mr. Pollard asked if the schools could be conducted on the lessened appropriation for ten months.

Mr. Bryan, Why, it is $1,800 more than the schools used last year.

Mr. Pollard called attention to an application of the school board for $300 additional.

Mr. Bryan, They will have enough for that too.

Besides the usual appropriation for cleaning and repairing streets and ditches amounting to about $10,000, $20,540 is appropriated for the construction of sewers, street work, &c.

Mr. Williams introduced resolutions for the preparation of ordinances for the paving of Fayette street between King and Cameron street with vitrified brick and a change in the railway tracks; and for the paving with vitrified brick of Cameron street between Royal and Fairfax streets. The resolutions were referred.

F. L Wagar petitioned for leave to use four feet beyond the building line of Cameron street for two side walls in making a new entrance to the Braddock House from Cameron street.

It was stated that the work had already been begun by the contractors as Mr. Wagar did not know the law on the subject.

Mr. Leadbeater said it seemed that that part of this work had already been done without authority. The committee on streets was often handicapped by the fact that petitions were referred to them when the work had already been done without their consent by agreements made outside of Council.

Mr. Brill—I move the petition be granted.

The motion was carried.

An appropriation of $2,500 for a pipe sewer on Duke, Alfred and Columbus streets and with several petitions in relation therets was recommitted to the street committee.

An ordinance was introduced to fix the grade of Lee street from King to Prince and was agreed to.

A similar ordinance for Alfred street from Wilkes street to Gibbon street was referred as was an ordinance to fix the grade of Gibbon street between Patrick and Alfred streets.

An ordinance requiring a permit to make an opening in any alley &c was referred to the street committee.

Council then adjourned.

## Official.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Alderman of the city of Alexandria, Va., held May 22, 1906, there were present:

J. T. Sweeney, esq., President, and Messrs Hill, Burke, Marbury, Ballenger, Simpson, Curtin and W. H. Sweeney.

An ordinance for imposing and collecting licenses within the city of Alexandria for the year commencing on the 1st day of June, 19.6, and ending on the 31st day of May, 1907, received from the Common Council at the last meeting and laid over, was read the second and third times and passed, ayes 8, noes 0.

The report of the Committees on Streets and Finance recommending an appropriation of $1,900 for the purchase of a steam roller, was again laid over.

A report of the Finance Committee recommending an appropriation of $200 for the Alexandria Kindergarten, received from the Common Council at the last meeting and laid over, was adopted.

A resolution appropriating $ 500 for the extension of the gas works, received from the Common Council May 8, 1906, was concurred in.

The appropriation bill for the year commencing June 1, 1906, and ending May 31, 1907, was received from the Common Council and laid over over.

An ordinance to fix the grades of the curbs on Lee street from King to Prince was received from the Common Council and passed by a unanimous vote.

The following were received from the Common Council and their action concurred in by unanimous votes:

Resolution appropriating $1,200 to construct a sewer on Columbus street from Wilkes to Duke.

Resolution looking to the paving of Fayette street, between King and Cameron.

Resolution looking to the paving of Cameron street from Fairfax to Royal.

An ordinance to amend and reordain an ordinance, approved October 18, 1889, entitled an ordinance to secure the repair of streets and alleys.

An ordinance to grade the west side of Alfred street from Wilkes to Gibbon.

An ordinance to grade the south side of Wilkes street from Alfred to Patrick.

A petition from F. L. Wagar for permission to make an entrance to the Braddock House on the north side into the basement

Resolution requesting the Mayor to see that no steps are taken by the railway company to relay its rails on Henry street until the matter be passed upon by the City Council.

A communication from F J. Paff, Mayor, in reference to the railway track on Henry street.

An ordidance repealing an ordinance authorizing the use of Henry street by the Washington Southern Railway Company.

COMMON COUNCIL.

At a regular meeting of the Common Council of the city of Alexandria, Va., held May 22, 1906, there were present: Hubert Snowden, esq., President, and Messrs. Leadbeater, Burke, Risheill, Strauss, Williams, Raader Brill, Boothe, Pollard, Hellmuth, Harrison, Uhler, Marshall Spinks and Bryan.

Mr. Gardner L. Boothe was introduced and received the oath of office and assumed his duties as member of Council from the Third ward.

The following message was received from the Mayor:

May 22, 1906.

To the Honorable City Council, Alexandria:

Gentlemen:—Several months since the Railroad Company practically abandoned their track on Henry street, and as evidence of this I will call your attention to the fact that all flagmen at the street crossings have been laid off; their watch boxes abandoned and removed; the track disconnected in several places (one instance—the corner of Henry and Cameron streets) and the passenger station of the Southern Railway, which was located near the corner of Duke and Henry streets, and which was reached by the said track, practically abandoned and removed.

The trains, both passenger and freight, which were formerly run over this track are now run over the tracks recently constructed at the extreme western section and beyond our city limits; the passenger trains to the station constructed in that locality by the railroad companies accomodate all traffic to from and through this city.

It now appears that for their own convenience in connecting their yard, which is located in the southern section of our city with the large yards in course of construction in Alexandria county, these companies make one of our streets which is located in a densely inhabited section of our city a part of a freight yard system. The Southern Railway are about to tak possession of this Henry street track.

In considering the matter thus far I cannot see where our city's interest or welfare is taken into consideration or is being subserved by such a move; quite to the contrary. If I am properly informed on the matter it would be highly detrimental to the entire community and especially to our people owning property abutting and adjacent to Henry street.

I have conferred with the Corporation attorney in this matter and am guided somewhat by his opinions in my action, and herewith inclose I hand you an ordinance prepared by the attorney with the request that the whole matter be referred to committee with the implicit understanding that the same requires speedy attention and action so that the city's interest is dully subserved.

In conclusion will state that I would not like myself nor would I want to see our City Council bear the reputation of being antagonistic to railroads, but in this instance I feel sure the company will not be greatly inconvenienced and that our city will be greatly benefited if Henry street is abandoned as a railroad street.

Respectfully submitted,
FRED J PAFF, Mayor.

An ordinance repealing an ordinance approved October 12, 1892 amending and reordaining an ordinance approved April 14, 1892, entitled "An ordinance authorizing the use of Henry street, by the Washington Southern Railway Company," was read and referred to the joint committee on streets and general laws, and a petition from the property holders on Henry street requesting a removal of the railroad track was referred to the same committee.

A resolution requesting the Mayor to see that no steps are taken by the railroad company to relay its rails on Henry street until the matter is passed upon by City Council, was unanimously adopted.

An ordinance to fix the grade of the curb on Lee street from King to Prince streets was read the first, second and third times and passed—ayes 15, noes 0.

An act to appropriate a part of the city revenue for the fiscal year ending May 31, 1907, was read the second and third times and passed—ayes 16, noes 0.

Upon petition from F. L Wagar, owner of the Braddock House building, permission was granted to make an entrance into the basement on the north side

The following was referred to the committee on streets.

On ordinance to fix the grade of the curb on the south side of Wilkes street from Alfred to Patrick streets.

The board then adjourned.

HUBERT SNOWDEN, President.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and useless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## Local Matters.

### Sun and Tide Table.

Sun rises tomorrow at 4:39 a. m. and sets at 7 13 p. m. High water at 7:58 a. m. and 8:29 p. m.

### Weather Probabilities.

For this section partly cloudy tonight and Thursday; light variable winds.

### Memorial Day.

The members of R. E. Lee Camp, Sons of Confederates and all citizens who would like to join in the Memorial Day parade, will assemble at Confederate Veteran's Hall, on Prince street, at 4:45 p. m. tomorrow, Thursday, May 24.

The procession will form on Prince street in front of Lee Camp Hall, right resting on Alfred street The Marine Band will head the line, followed by the Alexandria Light Infantry, R. E Lee Camp, Sons of Veterans, and citizens.

The procession will move out on Alfred street north to King, up King to Fayette, counter-march down King to Alfred, up Alfred to Cameron, down Cameron to Columbus, down Columbus to King, down King to Fairfax, down Fairfax to Duke, up Duke to Washington, out Washington to the Monument and speakers, stand where the assemblage will be addressed by Hon. Jno. Lamb, of Richmond.

The camp will be thankful for all contributions of flowers, and would like to have them at Lee Camp Hall as early Thursday morning as possible, so the ladies can prepare them in time for the decoration.

Mr. G. Wm. Ramsay is the chairman of the committee of arrangements. There was a meeting last night in Confederate Veterans' Hall of the ladies and gentlemen who will compose the choir tomorrow and the vocal music was rehearsed.

Lee Camp Hall will be open alll day tomorrow, Confederate Memorial Day for the reception of flowers, to help decorate the graves of the Confederate dead. All persons interested are kindly requested to send flowers to the hall.

### Elks' Bazar.

Another big crowd filled the armory last night and pleasure reigned supreme. The introduction of vaudeville acts adds greatly to the attractiveness of the carnival. Last night Prof. George gave a thrilling exhibition on a trapeze and tonight a troupe of three trick bicyclists will amuse the crowd. The Newsboys' Band, of Washington, will also be present as a musical escort to the Red men, the Knights of Columbus, the Ancient Order of Hibernians and the Young Men's Sodality Lyceum.

The Red Men will wear their warpaint and feathers and will add to the picturesque appearance of the hall in their bright costumes. Thus far the success of the bazaar has been very gratifying and it will be continued until Saturday night. Dancing is indulged in between the hours of 10 and 11 o'clock. Last night the case of champagne was won by Mr. William Bryant and the suit case by Mr. Harry Acker.

Mr. J. L. Ward, of Washington, who held ticket No. 77, won a dining room stove last night.

### Junior Order of Mechanics.

Alexandria and Belle Haven Councils of the Jr. O. U. A. M. will follow their usual custom next Sunday afternoon in decorating the graves of the deceased members of the order. Each grave is appropriately marked by an emblem of the order surmounted by a United States flag. At 4 o'clock in the afternoon the members of the order and their friends will assemble at the Methodist Protestant cemetery and hold special services. The principal address will be delivered by Dr. W. F. Fisher, pastor of the First Baptist Church. Final arrangements will be made tomorrow evening at the council chamber of Alexandria Council.

The degrees of the Jr. O. U. A. M. will be conferred upon a candidate tomorrow evening by Alexandria Council. The council, at considerable expense, has purchased a new outfit of paraphernalia, and all who have seen it have pronounced it of surpassing beauty and rich in design. This new paraphernalia will be used tomorrow evening.

### Fire at Amherst.

There was a destructive fire at Amherst last night. The loss will aggregate $30,000, and only about one-third of the property destroyed was insured. The fire (which is supposed to have been of incendiary origin) started in J. J. Peek's business house, which was destroyed, together with that of the Union Harness Company, Gregory Brother's repair shops, two warehouses of the Amherst Hardware Company and two other buildings used as storage and repair shops.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Lottie Knopton, arrested by Officer Henderson charged with using abusive language toward Ann Murphy, was fined $5.

Wilson Reed, colored, arrested by Officers Henderson and Arrington charged with cutting Samuel Dudley, colored, was fined $20.

### Preparing for the Excursion Business.

The James Clark Company of Baltimore has the side wheel steamer Queen Anne at the shops for a thorough overhauling of machinery before she leaves for the Potomac, where she is to be used as a summer excursion steamer. Woodall & Company have docked, cleaned and painted the hull and painted the interior, and this, it is said, will make her one of the most attractive boats on the river.

### Accident to Alexandrian.

Mr. W. W. Adam, a native of this city, but now an inmate of the Soldiers' Home in Richmond, while in the vicinity of that institution a few days ago fell and broke one of his legs in two places. The limb had previously been paralyzed. His condition, it is feared, is serious.

### W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow evening at 8 o'clock at the Children's Home on Duke street. After this week the meetings will be held at 4 o'clock in the afternoon.

Thursday, Ascension Day, the services in Grace Church will be a celebration of the holy communion at 7 a. m

### Three Years for Bigamy.

Harry Reynolds, the rich Cleveland ore shipper, came into court at Norwalk, Ohio, Monday, and pleaded guilty to the charge of bigamy. He was at once sentenced to three years in the Ohio penitentiary. This marks the end of a scandal which stirred half a State and which involved three families. It was late last February that a notice crept into a Cleveland newspaper announcing the marriage in Norwalk of Miss Mae Smith, of that town, to Harry J. Reynolds, of Cleveland. Friends of Reynolds rubbed their eyes and stared and then began to ask questions. They knew that Reynolds had a wife and several children in Cleveland and felt sure there must be some mistake. When Reynolds was questioned he made denials and then disappeared. Mrs. Reynolds No. 1 refused to believe that her husband was a bigamist and Mrs. Reynolds No 2 insisted there was some mistake. Finally Mae Smith Reynolds was induced to visit Cleveland with her father, and there she met the first wife. The young girl told how Reynolds had called upon her and represented himself as a widower. He won her affections and by making a lavish display of money induced her parents to consent to the marriage. For some reason Miss Smith had doubts about her ardent wooer, and to convince her Reynolds exhibited a photograph of a tombstone and said it marked the grave of his departed wife. Miss Smith was satisfied. Her suspicions were not aroused when Reynolds demanded a simple wedding, and she thought nothing wrong when he told her that the marriage must be kept secret for several months. Notwithstanding the story of the deceived girl, Mr. Reynolds No. 1 proclaimed her confidence in the absent husband. For ten days the police were unable to find Reynolds, and then one day he came to Norwalk and surrendered. He said he was guilty, but that the second marriage was contracted while he was temporarily deranged. Accused of having contracted still another marriage while the first Mrs. Reynolds was still alive, he insisted that he was being persecuted and it was a falsehood. An old lady living in Illinois heard of this denial and sent to the Norwalk officials letters which showed that her daughter, Belle McKenzie, became the wife of Harry J. Reynolds, and had died about two years ago. It was the monument over her grave which was photographed and shown to Mae Smith. In court yesterday Reynolds appeared a badly broken-up man. He says he expects to serve out the full term.

### Destroys His Life Work.

Death, self-inflicted, closed the career of Beatrice Paine, gifted as a painter and writer, robbed four little ones of a mother and shattered the 10 years' labor of her husband, Robert Treat Paine, the sculptor, upon a chef d'ouvre—an allegorical model of Neptune.

A sufferer from insomnia, Mrs Paine killed herself Monday by taking carbolic acid. Yesterday the husband, the friend and protege of Augustus St. Gaudens and companion of the ill-fated Paul Nouquet, accompanied by his children, will leave New York for Valparaiso, Ind., with the body of the wife and mother. After the burial he will begin life anew in some other occupation.

When the sculptor reached home Monday evening he found his wife, surrounded by her weeping daughters, the eldest of whom is only 10, dying. He summoned two physicians, but Mrs. Paine was dead before they arrived.

In the grief that reigned in the Grecian home of the sculptor, built like a Rhenish castle, the distracted husband laid wax over the icy features of his wife and with unerring skill produced the death mask.

Then, still wearing his apron and just come from his work of love, he talked of his broken hopes and ideals. Paine is a man of giant stature, black-haired, dark-eyed, with the sinuous hands of a worker in clay and marble. He silently led his questioner into the studio, whose walls are 50 feet high, whose ceiling is stained glass, the view from whose windows extends straight down the Palisades for 300 feet and up and down and across the Hudson river for miles.

"Look," he said, pointing to a huge clay model of Neptune and his mermaids, his chariot, horses and trident, bearing in every line and curve the stamp of genius.

"This is my life work. Of what use is it now! I have spent the 10 best years of my life in creating what you see and it still remains unfinished. It never will be finished, for I shall destroy it tonight. "I have called this model 'My Ideal.' It was to have proved to the world that the art of expression in the marble remains to the younger generation of American sculptors.

"But I can work no more. My ambition is dead, for my inspiration and my life have gone from me. My art perishes with the death of my beloved wife. "I'll shatter that hopeless achievement into fragments. It is only a mockery now. I shall dispose of my home and effects here and take my children to Indiana, and in a new environment carve out my future on other lines than that of an unresponsive art."

Then he took a mallet, and, by the light of a candle, shattered the superb statue of Neptune Ten minutes sufficed to annihilate a masterpiece that had taken 10 years to create. This done, the sculptor, crushed by supreme grief, fell senseless among the ruins.

### The Asylum Investigation.

The legislative investigation into the affairs of the Eastern State Hospital was devoid of startling developments yesterday. At one point in the proceedings, when Special Accountant Boudar was testifying as to the number of luxuries that were purchased, Senator Saddler, the chairman, remarked: "Is it possible for the board to eat up 24 Smithfield hams?" To which Senator Rison quickly responded: "That depends on the amount of whisky they had consumed," alluding to the whisky episode when the supply was taken from the storeroom of the institution, because, it was stated, the board and the committee were in the habit of paying too frequent visits to that department.

The question of cigars purchased brought out the fact that whereas the old board contended themselves with the 5-cent article, the new board preferred a higher grade. An interesting statement was that the special board had been more economical in the management of the hospital's affairs than the old general board, and that while the members of the old board individually purchased supplies, none of the new board did so.

It was brought out by Chairman Saddler that the steward, the clerk and the engineer are all drawing larger salaries than the law directs, and the emoluments have been received when it is distinctly let out that no such thing shall be accepted.

Mr. Boudar insisted that there has been great laxity in the conduct of the affairs of the institution and that all were responsible. On cross-examination by Colonel Gawless, Boudar had occasion to make an examination of the award book and discovered that an insertion had been made in the book since his previous examination. Mr. Boudar said today in discussing the matter that E. A. Sanders had said that his check for $175 overcharge in flour awaited the pleasure of the committee.

By a vote of 17 to 27 the republican convention of Jefferson county, Ohio, refused to indorse the course of Senator Foraker on the railway rate bill.

### Russia Sends Regrets.

In response to a formal request made by Ambassador Meyer to the foreign office in St. Petersburg on the subject of the assassination of William H Stuart, the United States vice consul at Batoum, the Ambassador has received from Foreign Minister Iswolsky a note written in his own hand, expressing the government's deep regret at the murder, and also stating that the Viceroy of the Caucasus had been ordered to make the most rigid investigation of the crime and apprehend and punish the assassins.

Mr. Meyer applied for and received permission for the British Consul at Batoum to represent American interests.

Mr. Spring Rice, the British charge d'affaires, also sent a note to the foreign office, Mr Stuart being a British subject, and received practically the same reply as Mr. Meyer.

It is announced in Washington that the Russian officials are making every possible effort to capture the murderers of Stuart. It is said that the reasons for the attack on Mr Stuart are still unknown, but that the Russian Foreign Office has instructed the government at Batoum to exert every effort to capture the murderers and discover the cause for the crime.

### Killed by a Constable.

The death of Claude Montague, at East Bank, near Charleston, W. Va., Monday night, proves not to have been caused by a shot from his own gun, but by a shot from Constable Clendennin's pistol. Claude Montague and his brother Bert had been drinking, and had fallen out and were quarrelling, and the constable was sent in by the neighbors to quiet them. Claude and Clendennin were not friends, and when the latter interfered Claude resented it. As the constable was leaving the premises Claude Montague fired upon him from an upstairs window with a gun, and Clendennin returned the fire with his six-shooter. All of Montague's shots went wild, but one of the two fired by Clendennin took effect in Montague's body, passing through it close to the heart. The family rushed up stairs, and, not having heard Clendennin's shots, but having heard those fired by the dead man, supposed he had shot himself. These facts were developed at the inquest, partly heard yesterday.

### A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackets, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

Summer prices on coal. See our advertisement. W. A. SMOOT & CO.

### Found Box of Gold.

News reached Roanoke, Va., yesterday of a rich find of gold in the Stony Mountain section of Bedford county. Adolphus Aliff, a young farmer, was on his way to a country store, accompanied by his dog. The dog ran a rabbit in a hole under a rock. Aliff thrust his hand into the hole to catch the rabbit, but instead caught hold of a medal box, which proved to be filled with gold coins. It is said that the money amounts to several thousand dollars, and there is no clue to who put it in its hiding place, nor how long it had been secreted there. Recently a farmer near the spot tore down an old house, and in the rock chimney he discovered a pot of gold worth several thousand dollars. It is believed the gold in both cases was hidden during or before the civil war, and probably the owners were later killed or forgot where the treasure had been hidden.

A good complexion is impossible with the stomach out of order. If pasty sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexion. KODOL FOR DYSPEPSIA will digest what you eat and put your stomach back right in shape to do its own work. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc. Sold by W. F. Creighton & Co., 401 King St.

# CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Miss Emma Cole

A mother should come to her child's aid at this critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

Dear Mrs. Pinkham:

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound.

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me.

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.
